THE FALCON K9 DIFFERENCE

Why Our German Shepherds Are Different

At Falcon K9 Protection, every dog we offer represents the pinnacle of German Shepherd breeding — imported directly from Germany and top European working dog programs. No shortcuts, no compromises. Each dog comes with authenticated pedigrees, full health certifications, and has been evaluated by our expert team for temperament and suitability, whether for family life, personal protection, or competitive working dog sports.

- **Authenticated pedigrees with documented European bloodlines**
- **Professional temperament evaluation before every placement**
- **Nationwide delivery available — ground or flight nanny**
- **Full health certifications — hips, elbows, OFA clearances**
- **Ongoing lifetime support after your dog goes home**

ELITE EUROPEAN BLOODLINES

German Shepherd Importation Services

Germany is home to some of the world's finest German Shepherd breeding programs, recognized for producing dogs with exceptional structure, superior temperament, and proven working ability. At Falcon K9 Protection, we maintain partnerships with certified breeders and conduct in-person evaluations before any dog is selected.

We manage the entire importation process from sourcing to safe delivery, handling international transportation, customs & USDA clearance, and acclimation guidance, providing complete documentation and lifetime support.

- **International Transportation**

Safe, climate-controlled travel arrangements for your dog.

- **Safe Delivery to Your Location**

Final delivery coordinated to your home or our facility.

- **Customs & USDA Clearance**

Full compliance with all import regulations and inspections.

- **Acclimation Guidance**

Expert advice to help your dog settle into its new home.

PURPOSE OVER IMPULSE

Dog Placement & Matching Services

Dog placement and matching is a professional process that evaluates both the dog and the future owner to ensure true compatibility. We take a structured and transparent approach, understanding your home environment, experience level, family, and goals before any recommendation is made.

01 Initial Consultation

A detailed conversation about your lifestyle, family, goals, and experience.

03 Candidate Selection

We identify dogs matching your temperament, training, and physical needs.

05 Placement & Transition Support

Coordinated logistics and transition guidance for a smooth arrival.

02 Lifestyle & Needs Assessment

We assess your home, activity level, and the role the dog will fill.

04 Evaluation & Presentation

Detailed health documentation and temperament evaluation results.

06 Ongoing Support

We remain available for guidance throughout the dog's life with you.

EXPERT SELECTION

Protection Dog Selection Services

A real protection dog must demonstrate controlled aggression, stable temperament under stress, precise obedience, and the ability to distinguish real threats from everyday stimuli. Our selection process is built on decades of working dog experience, drawing from Schutzhund/IGP, law enforcement, and protection sport backgrounds.

- **Temperament Stability**

Calm, confident behavior in neutral environments, reacting appropriately to threats.

- **Obedience Foundation**

Reliable response to commands under pressure — non-negotiable for safety.

- **Bloodline Verification**

Authenticated European working bloodlines with documented pedigrees.

- **Protection Drive**

Controlled protective drive combined with the ability to disengage on command.

- **Health Certification**

Full documentation including hip/elbow evaluations and veterinary clearances.

- **Handler Compatibility**

Matched based on your experience level, lifestyle, and household.

FAMILY-FIRST PLACEMENT

Family Companion Placement Services

Not every family needs a fully trained protection dog, but every family deserves a German Shepherd with the temperament, health, and character to thrive alongside children, guests, and daily home life. We match families with dogs specifically evaluated for family suitability.

- **Stable, Balanced Temperament**

Calm and confident in new situations, around children and other animals.

- **Controlled Protective Instinct**

Natural guarding instinct without unsafe reactivity.

- **European Bloodlines**

Authentic working bloodlines guaranteeing true temperament and structure.

- **Social Disposition**

Properly socialized dogs that welcome family interaction.

- **Health-Certified**

Full documentation, hip and elbow certifications, veterinary clearances.

- **Training Foundation**

Basic obedience included, so dogs integrate smoothly at home.

CORPORATE & EXECUTIVE SECURITY

Corporate Security K9 Protection

Falcon K9 Protection places elite, professionally trained German Shepherd protection dogs with corporations, executives, and commercial properties nationwide. Every K9 is evaluated for stability, control, and drive, then matched to your facility, risk profile, and security goals.

- **Executive Protection K9s**

Discreet, disciplined dogs securing leadership during travel and events.

- **After-Hours Perimeter Protection**

Coverage overnight and on weekends when staffing is reduced.

- **Facility & Campus Security**

Trained K9s patrol offices, warehouses, and corporate campuses.

- **Corporate Handler Training**

We train in-house security staff to work directly with placed K9s.

CORE SPECIALTY

Schutzhund Training (IGP)

Schutzhund, also known as IGP, is the foundation of serious working-dog development. It combines tracking, obedience, and protection, demanding discipline, control, and strong nerve. At Falcon K9 Protection, Schutzhund training is one of our core specialties.

OUR PROGRAM IS IDEAL FOR:

- Owners pursuing IGP titles
- Working and sport prospects
- Protection dogs needing advanced control & drive management
- Handlers seeking structured, performance-focused training

WE PROVIDE:

- Beginner Schutzhund foundations
- Advanced and titled dog development
- Multiple weekly training sessions
- Emphasis on correct grips, clear obedience, balanced drive

FOUNDATION TRAINING

Obedience Training

Strong obedience training remains the backbone of every dependable dog. We emphasize clear communication, consistency, and practical application in daily life.

● Basic Obedience

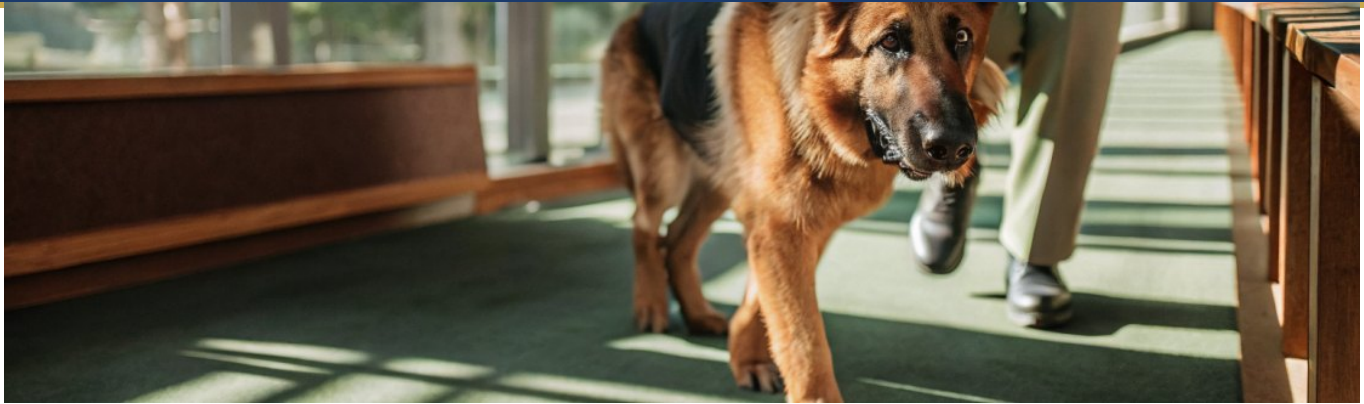

Foundation skills for household harmony and responsiveness.

● Long-Term Structured Obedience

Comprehensive development for advanced reliability.

● Puppy Foundation Training

Early-stage training that builds lifelong habits and stability.

IMMERSIVE PROGRAMS

Board & Train and Private Training

Board & Train Programs

For owners seeking accelerated development, our Board & Train programs provide immersive, structured training with multiple daily sessions in a consistent environment.

- Weekly Board & Train
- Monthly Board & Train
- Multiple daily training sessions
- Consistent environment & structure

Private Dog Training

For those who prefer direct involvement, we offer private sessions at our facility, carefully tailored to your dog's needs and your handling goals.

- One-on-one facility sessions
- Tailored to your handling goals
- In-home training by consultation
- Flexible scheduling

SPECIALIZED PROGRAM

Service Dog Training & Certification

Falcon K9 Protection provides service dog training and certification focused on task reliability, advanced obedience, and proper public access behavior. Before enrollment, we evaluate each candidate to confirm suitability — not every dog qualifies, and that commitment to quality ensures reliable, life-changing results.

- Task Reliability Training
- Advanced Obedience
- Public Access Manners
- Candidate Evaluation
- Certification Support
- Handler Training

DOCUMENTATION YOU CAN TRUST

Health Certification & Documentation Services

In the working dog industry, health documentation is often incomplete or missing entirely. At Falcon K9 Protection, every dog we place comes with verified, authenticated documentation you can independently confirm. Transparency is not optional — it is the foundation of every placement we make.

- **OFA Hip & Elbow Certifications**

Official ratings for hip and elbow dysplasia, the gold standard in canine evaluation.

- **Vaccination Records**

Complete vaccination history from licensed veterinary practitioners.

- **Veterinary Health Clearance**

Comprehensive exam report confirming overall health status.

- **SV / FCI Registration**

German Shepherd breed registry documentation and international FCI recognition.

- **Pedigree & Bloodline Documentation**

Certified pedigree papers tracing verified bloodlines.

- **Import & Travel Documentation**

All required international travel documents and USDA import paperwork.

LIFELONG PARTNERSHIP

Ongoing Support & Guidance Services

Most dog sellers disappear after the transaction. At Falcon K9 Protection, the relationship begins at placement and continues for the life of your dog. We provide ongoing guidance, resources, and professional consultation to ensure every dog and owner thrives.

- **Training Guidance**

Ongoing advice, technique recommendations, and progression plans.

- **Health & Veterinary Guidance**

Recommendations on maintenance, diet, exercise, and veterinary care.

- **Professional Referrals**

Access to our network of certified trainers and veterinarians.

- **Behavioral Consultation**

Professional guidance for behavioral questions or changes in conduct.

- **Development Milestones**

Guidance on physical, behavioral, and training milestones by life stage.

- **Community Access**

Connection to other Falcon K9 clients for shared experience and tips.

CLIENT REVIEWS

Families Who Found Their Perfect Shepherd

Falcon K9 delivered an absolutely stunning German Shepherd, exactly what we were looking for in a family protection dog. The health certifications were thorough and the dog transitioned into our home seamlessly.

— Michael R., Florida

We purchased Fee and she is everything described and more. The temperament testing clearly worked, she bonded with our kids immediately while still maintaining that confident, alert presence we wanted.

— Sarah K., Texas

The quality of dogs at Falcon K9 is unmatched. Furbo came with full documentation, verified bloodlines, and was clearly bred and selected by people who know exactly what they're doing. Outstanding experience.

— James T., California

THE FALCON K9 STANDARD OF EXCELLENCE

- Elite European Bloodlines — authenticated pedigrees, documented lineage
- Full Health Certifications — hip/elbow evaluations, OFA ratings
- Professional Training — Schutzhund IGP and board-and-train programs
- Lifetime Support — ongoing guidance throughout the dog's life
